UPDATE: PLASTIC BUDGET LOCK AND KEY ON SOUND RATED ACCESS PANELS

The budget lock and key on Judah PANTHER® Sound Rated Access Panels (SRAPs) with a polymer frame have changed from metal to plastic.

Offering a more aesthetically appealing finish, the budget lock is now smaller with an internal diameter of 8mm (previously 14mm).

PLASTIC BUDGET LOCK AND KEY ON SOUND RATED ACCESS PANELS

The new plastic design reduces the weight of the panel creating a more cost-effective, light-weight product whilst maintaining performance and quick installation.

Branded Judah, the budget lock is supplied with a 6.6mm hexagonal Allen key.

The newly designed Judah red, three-legged plastic key consists of a 6.6mm hexagonal key, 8.0mm flat head key and an 8.0mm square bar key.

Metal locks and keys will remain on all metal framed Judah PANTHER® Fire-Rated and Specialised Sound-Rated Access Panels.
