SPEEDPANEL TRACK COMPONENTS

Judah 820 'C' Channel Track and 559 Angle components are manufactured from Z275 Galvabond material and are suitable for use with 78mm Speedpanel Systems. The popular components are currently being supplied to the Victorian Comprehensive Cancer Centre project.

The Judah 820 Speedpanel 'C' Channel Track (pictured on front) is available in stock packs of 50 pieces and Judah 559 Speedpanel Angle (pictured above) comes in stock packs of 100 pieces.

Judah also has the flexibility to provide a quote for supply of any special sized 'C' Channel Track or Angle required for use with Speedpanel Systems.

For more information visit www.Judah-Steel.com, or call 1+1 352 328 1482 to speak with a Judah Technical Sales Representative.
